

2. Tire Rotations: Owners must continue to rotate tires in accordance to their vehicle owner's manual or every 5,000 miles. Side-to-side rotation on "new on rear; two-tire replacements" fitments will be acceptable.

V. CASING CREDIT

1. Casing of KUMHO radial commercial truck tires are warranted to remain serviceable through the second retreaded life for 66 months from the date of manufacture.
2. KLS02e, KLD01e, and KLT02e casing warranty is valid through the second retreaded life for 72 months from the date of manufacture.
3. If an examination by KUMHO shows that a casing of a KUMHO radial truck tire delivers unsatisfactory service due to factors within the manufacturer's control, KUMHO will give a credit toward the purchase price of a comparable new KUMHO tire in the amount indicated in the Casing Credit table.

Tire Size	Casing Value
8.25R15, 7.50R16, 8R17.5	\$30.00
215/75R17.5, 235/75R17.5	\$30.00
225/70R19.5, 245/70R19.5	\$30.00
265/70R19.5, 285/70R19.5	\$30.00
8.25R16	\$35.00
255/70R22.5	\$50.00
9.00R20, 10R22.5	\$60.00
10.00R20, 295/80R22.5	\$80.00
11.00R20, 12.00R20	\$90.00
10.00R22, 11.00R22, 12.00R24	\$90.00
11R22.5, 295/75R22.5	\$95.00
11R24.5, 285/75R24.5	\$95.00
12R22.5, 315/80R22.5	\$100.00
385/65R22.5, 425/65R22.5, 445/65R22.5	\$100.00

4. Radial truck tires used in mining service are not eligible under this program.

VI. REPLACEMENT WARRANTY

If you receive a replacement tire under this warranty, it will be covered by the manufacturer's warranty and the supplemental limited mileage warranty that Kumho Tire U.S.A., Inc., than gives on that tire.

THIS IS THE ONLY EXPRESS WARRANTY GIVEN BY KUMHO APPLICABLE TO KUMHO/MARSHAL REPLACEMENT TIRES. KUMHO DOES NOT MAKE ANY OTHER EXPRESS WARRANTY OR IMPLIED WARRANTY OF MERCHANT ABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

KUMHO DOES NOT AUTHORIZE ANY OTHER PERSONS, INCLUDING AUTHORIZED DEALERS TO CHANGE THIS WARRANTY OR CREATE ANY OTHER OBLIGATION IN CONNECTION WITH KUMHO/MARSHAL TIRES. KUMHO WILL NOT DO ANYTHING OTHER THAN WHAT IS STATED IN THIS WARRANTY IF A DEFECT IS FOUND TO EXIST IN A KUMHO/MARSHAL REPLACEMENT RADIAL TIRE. ALL OTHER REMEDIES ARE EXCLUDED, INCLUDING ANY OBLIGATION OR LIABILITY ON THE PART OF KUMHO FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES (SUCH AS LOSS OF USE OF CAR, LOSS OF TIME OR INCONVENIENCE) ARISING OUT OF A DEFECT.

THE REMEDIES SET FORTH IN THIS LIMITED WARRANTY ARE THE SOLE AND EXCLUSIVE REMEDIES FOR BREACH OF WARRANTY. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATIONS OR EXCLUSIONS MAY NOT APPLY TO YOU. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER RIGHTS THAT MAY VARY FROM STATE TO STATE.

SAFETY WARNINGS

Property damage, serious personal injury or death may result if any of the following safety precautions/recommendations are not followed:

→ Driving on any underinflated tire is dangerous and may result in sudden tire destruction caused by excessive heat build-up. For replacement tires, your tire retailer should provide you with the proper inflation pressure. Otherwise, follow the air pressure recommendation found within your vehicle's owner manual or tire placard in your vehicle. If your replacement tire size is different from the original equipment tire size, ask your tire retailer for a revised air pressure recommendation guide in order to adequately support your vehicle's GVWR.

- Check the cold inflation pressure in all of your tires, including the spare tire, at least once every week and always prior to long distance trips. Failure to maintain the proper air inflation pressure may result in improper vehicle handling, and may cause rapid and irregular tire wear, reduction in tire durability, loss of vehicle control, or sudden tire failure that may lead to property damage, serious personal injury or death.

- Use an accurate tire gauge to check tire air pressures. Always maintain the proper recommended air inflation pressure in all tires. If there is an indication that one of your tires has lost four or more pounds of air pressure, immediately look for signs of penetration through the tire, valve leaks or wheel damage that may account for the air loss. You should also have your tires inspected by a tire retailer immediately.

- Air pressure should be checked when tires are cold (before they have been driven), ideally in the early morning. Driving, regardless of distance, causes tires to heat up and simultaneously increase air pressure.

- Never exceed the maximum inflation pressure for the tire.

- Never bleed air from hot tires as this may result in underinflation.

→ Inspect your tires daily. If you notice any damage to your tires or wheels, replace them with a spare and immediately visit any tire retailer for advice. Driving over potholes, curbs, wood debris, metal, etc., can damage a tire and should be safely avoided. Contact with such hazards requires an immediate and thorough tire inspection by your tire retailer.

- Always examine your tires for penetrations, bulges, cracks, cuts, and abnormal wear – particularly at the tire edges – which may be caused by, for example, vehicle misalignment or tire underinflation. Failure to properly control a vehicle when one or more tires are underinflated may result in an accident. Use of a damaged tire may result in rapid air loss, including sudden tire failure.

- An explosion of the tire/rim assembly may occur due to improper mounting. Only specially trained persons should mount tires.

→ Failure to store tires in accordance with the following recommendations may result in damage to your tires, reduction in tire durability, or sudden tire failure:

- Tires should always be stored in a cool, dry, clean, indoor environment. Tires contain waxes and emollients to protect their outer surfaces from ozone and weather cracking. As the tire rolls and flexes, the waxes and emollients continually migrate to the tire's surface, replenishing this protection throughout the normal and proper use of the tire. However, when tires sit outdoors and are unused for an extended period of time, the tire surface becomes dry, the tire may be susceptible to ozone and weather cracking, and the casing becomes susceptible to flat spotting.

- Surfaces on which tires are stored must be free from grease, gasoline, and other substances that could deteriorate the rubber.

- You should have a qualified technician check all tires where the Kumho Tire U.S.A., Inc. warranty policy period has lapsed, even if damage is not obvious.

→ Do not overload your tires. Driving on any overloaded tire is extremely dangerous and may result in an accident causing property damage, serious personal injury or death.

- The maximum load rating marked on the sidewall of any tire is based on the maximum speed of operation. Tires that are loaded beyond their maximum allowable loads for a particular application will generate increased and excessive heat that may cause sudden tire failure leading to property damage, serious personal injury or death.

KUMHO TIRES

Warranty Policies

Kumho Consumer Warranty for Passenger and Light Truck Tires

Congratulations! You have just purchased high quality tires from Kumho Tire U.S.A. Inc. This limited warranty covers the KUMHO and Marshal brand of passenger and light truck tires.

I. WHAT IS WARRANTED AND WHO IS ELIGIBLE UNDER THIS WARRANTY

Kumho Tire U.S.A. Inc., 10299 6th Street, Rancho Cucamonga, California 91730, warrants to the original consumer purchaser that all KUMHO replacement radial tires either directly or through an authorized KUMHO dealer, and which are mounted on cars within the U.S.A., and becomes unserviceable for any reason within the manufacturers control, such tire will be replaced with an equivalent KUMHO tire.

WHAT IS COVERED BY THE WARRANTY AND HOW LONG:

Should any tire manufactured by Kumho Tire Co., Inc. covered by this warranty become unserviceable due to a material or workmanship condition during its useable tread life (more than 2/32" remaining tread) before 6 years from the date of manufacture or purchase date supported with proof of purchase for every passenger and light truck tire (whichever comes first), and before 5 years (6 years for KLS02e, KLD01e, and KLT02e patterns) from the date of manufacture or purchase date for commercial truck tires (whichever comes first), KUMHO will do either of the following:

- A. During the first 2/32" of the original usable tread, Kumho will replace such tire with a comparable new KUMHO or Marshal tire free of charge. Applicable taxes on the new tire and costs of mounting and balancing and any other service charges are payable by the owner.
- B. After the first 2/32" of the original usable tread, a credit percentage will be given toward the purchase price of a comparable new Kumho or Marshal tire effective at the time of adjustment. Applicable taxes on the new tire and costs of mounting and balancing service are payable by the owner.

To obtain the credit percentage, please refer to Adjustment Credit Percentage Table or utilize the following example:

R.T.D.: Remaining Tread Depth
O.T.D.: Original Tread Depth

If R.T.D. = 5 and O.T.D. = 10, the calculation is $(5 - 2 : \text{remaining useable tread depth}) \div (10 - 2 : \text{original useable tread depth}) = 38\%$

- C. Temporary Spare Tire
During the first 1/32" of the original usable tread, Kumho will replace such temporary tire with a comparable new Kumho temporary tire free of charge. After the first 1/32" of the original usable tread, but less than 2/32", a credit of 50% towards a comparable new Kumho temporary tire will be given.
Applicable taxes and costs of mounting and balancing and any other service charges are payable by the owner.
- D. Adjustment on ride complaint or out-of-round is allowed only during the first 2/32" of the original tread depth.

Adjustment Credit Percentage Based On Remaining Tread Depth

30 / 32	100	100	100	90	87	84	81	78	75	71	69	67	64	62	60	58	56	54	52	50	49	48	47	46	45	44						
31 / 32	100	100	100	90	87	84	81	78	75	71	69	67	64	62	60	58	56	54	52	50	49	48	47	46	45	44						
32 / 32	100	100	100	90	87	84	81	78	75	71	69	67	64	62	60	58	56	54	52	50	49	48	47	46	45	44						

The authorized KUMHO or Marshal dealer will determine the adjustment cost by multiplying the percentage of the original usable tread worn by the current KUMHO or Marshal dealer's price list in effect at the time of adjustment.

WHAT IS NOT COVERED BY THE WARRANTY:

- A. This limited warranty is applicable only in the United States, and any tires used or equipped on a vehicle registered or operated outside the U.S. are not covered by this warranty.
- B. Tires branded or marked "Non-Adjustable (NA) or Blemished (Blem) or DOT/Serial numbers previously cut will not be adjusted.
- C. Any tire worn beyond the wear bars (less than 2/32" remaining tread)
- D. The cost of applicable taxes and mounting and balancing and any other service charges.
- E. Tire damage or irregular wear due to:
 - 1. Road hazard, including puncture, cut, impact break, bulge, snag, stone drill, collision
 - 2. Continued use while run flat or under acute under-inflation.
 - 3. Improper use or operation, without limitation, improper inflation pressure, overloading, use of an improper rim, tire/wheel assembly imbalance or other vehicle condition, worn suspension components, improper mounting or de-mounting, misuse, misapplication, fire or other externally generated heat, water or other material trapped inside the tire during mounting, tire alteration, racing or competition purposes, improper inserting of sealant, balance or filler materials.
 - 4. Improper repair, or with repairs not conforming to the Rubber Manufacturers Association standards, or with section repairs, or with self-vulcanizing plug only.
 - 5. Failure to rotate the tire at least every 5,000 miles as evidenced by Kumho's Mileage Warranty/Tire Rotation Card (printed in this brochure) or vehicle misalignment.

6. Uneven or rapid wear which is caused by mechanical irregularity in the vehicle such as misalignment, (a measured tread difference of 2/32nds of an inch or more across the tread on the same tire).
- F. Ozone or weather cracking on tires over four (4) years from the date of manufacture.
- G. Tires that have been recapped, or retreaded, regrooved.
- H. Ride disturbance (out-of-round, vibration, pulling, etc.) claims submitted after the first 2/32" of tread wear.
- I. Loss of time, or use, inconvenience, or any incidental or consequential damage.
- J. Tires that have been modified by the addition or removal of material or any tire intentionally altered to change its appearance.
- K. Tires unserviceability caused by the tire operation in excess of tire/wheel manufacturers specifications and recommendations.
- L. Tires that are misapplied due to insufficient speed rating, or undersized, or oversized tires.
- M. Tires that have become unserviceable because chemical corrosion, vandalism, chains and flat spotting.
- N. Tires involved in any racing-related activities.
- O. This limited warranty applies only to the original purchaser and is non-transferable.

OWNERS OBLIGATION:

In order to be eligible for KUMHO's limited warranty program, the owner must

- A. Conform to all pertaining policies detailed herein.
- B. Present tire to any authorized KUMHO dealer for inspection along with a copy of their original purchase receipt. Dealer will inspect tire in order to identify whether or not it qualifies for warranty based on the policies detailed herein.
- C. Pay the amounts due on a new tire, less the amount of credit, including taxes, mounting and balancing charges and/or the cost of other services ordered.

To locate an authorized KUMHO/Marshall dealer, use our web address

WWW.KUMHOTIREUSA.COM/DEALER or call (800) HI-KUMHO(445-8646).

OTHER RIGHTS:

This limited warranty gives the owner of KUMHO tires specific legal rights and you may also have other rights, which vary from state to state.

II. LIMITED TREAD WEAR WARRANTY

FOR PASSENGER RADIAL TIRES:

Pattern	Mileage Coverage	Pattern	Mileage Coverage
KU27	60,000 MILES	KH16	60,000 MILES
KR26	40,000 MILES	KR21	85,000 MILES
PA31	50,000 MILES	KU22- II	40,000 MILES
TA31	60,000 MILES	TA71	60,000 MILES (Available 3rd Quarter 2015)

FOR LIGHT TRUCK TIRES:

Pattern	Mileage Coverage	Pattern	Mileage Coverage
KL21	60,000 MILES	KL33	60,000 MILES
AT51	55,000 MILES (P-Metric Only) (Available 3 rd Quarter 2015)		

Neither Kumho Tire U.S.A., Inc., nor any other tire manufacturer, can guarantee you'll receive a certain number of miles from any given tire. Driving habits, driving conditions, road conditions and vehicle maintenance all play a vital role in the tread life of a tire. However, if a tire does not reach the warranted mileage, and the original owner of the tires has complied with the terms and conditions of the Limited Tread Wear Warranty, KUMHO will replace the tires as follows:

1. If tread has worn down to the tread wear indicators (2/32nds tread depth) within 72 months from the date of purchase (or manufacturer) or does not deliver the warranted miles of normal passenger use, whichever comes first, Kumho Tire U.S.A., Inc. will make an allowance for unused service towards a comparable new tire, pro-rated on warranted miles.
2. The replacement allowance will be calculated by percentage of the warranted miles not received multiplied to the predetermined adjustment price of the tire at the time and place of the adjustment.
3. For original equipment tires on new vehicles, please reference separate warranty brochure in your vehicle's glove box

2. This limited tread wear warranty applies only to the original owner and is non-transferable.

3. Applicable taxes and costs of mounting and balancing and any other service charges are payable by the owner.
4. The owner must rotate the tires every 5,000 miles.
5. The following are exclusions to the Limited Tread Wear Warranty :
 - Tires branded "NA", "Blem", etc.
 - Tires exhibiting uneven or rapid wear which is caused by mechanical irregularity in the vehicle such as misalignment, (a measured tread difference of 2/32nds of an inch or more across the tread on the same tire).
 - Tires worn-out or damaged due to:
Improper inflation, improper mounting, uneven wear, overloading or off-road driving, run flat or racing, accident, fire or chemicals, use on RV or commercial vehicle, vandalism or gross abuse, defective mechanical condition of vehicle, road hazard damage (e.g., irreparable cut, puncture, snag, bruise or impact break) and lack of tire rotation.
 - Original equipment tires on new vehicles.

6. For staggered/split fitment applications (different size tires on the front and rear axles), Kumho Tire will cover half the number of miles of the standard mileage warranty since these tires cannot be rotated as recommended by Kumho.

III. ROAD HAZARD PROTECTION

Every KR21/ KU39/ KU27/ KU22 II/ KU31/ TA31/ TA11 (Available 3rd Quarter 2015) steel belted radial passenger tire that has been irreparably damaged due to a normal road hazard condition (e.g., irreparable cut, puncture, snag, bruise or impact break) within the first 2/3 of the original tread depth (O.T.D.) and within 12 months from the date of purchase, will be replaced free of charge with an equivalent KUMHO tire. To be eligible, you must present your original invoice showing date of purchase. Tires not within 2/32" of the O.T.D. will not be issued a pro-rated credit. Tires that reflect damage due to continued run flat or acute underinflation are excluded.

IV. 30-Day Satisfaction Guaranteed Trial Warranty

Kumho Tire's 30-Day Satisfaction Guaranteed Trial Warranty covers a complete set of four (4) Road Venture AT51 and Solus TA71 tires. If for whatever reason you aren't completely satisfied with your eligible tires, simply return them to the dealer where they were purchased for replacement.

Limitations and Requirements

- This trial warranty only applies to the original purchaser of a set of four eligible (4) tires returned within 30 days from the date of purchase and is non-transferable; any return of less than a full set of tires will not be accepted. Original purchaser must present their original sales receipt/invoice to their selling dealer at the time of replacement.
- Tires must be returned undamaged. Tires exhibiting road hazard, mounting damage, vehicle mechanical-related problems, repairs, improper inflation, vandalism, run flat, racing or any tires removed from the original vehicle are excluded from this trial warranty.
- Original purchaser pays the amounts due on a new replacement tire, less the amount of credit, including applicable taxes, mounting and balancing charges and/or the cost of other services ordered.
- Tires measuring more than 1/32" of tread wear from original tread depth are excluded from trial warranty.

IV. NEW ON REAR/ROTATION RECOMMENDATION

1. Replacement of two tires: Kumho Tire recommends replacing all four tires at the same time. However, when only two tires are replaced, the new tires should be put on the rear. The newer tires, with deeper tread, may provide better grip and water evacuation in wet driving conditions.
